
Journals

- Clara T. Bolton, Paul A. Wilson, Ian Bailey, Oliver Friedrich, Christopher J. Beer, Julia Becker, **Soma Baranwal** and Ralf Schiebel, *Millennial-scale climate variability in the subpolar North Atlantic Ocean during the late Pliocene*, submitted, **Paleoceanography**.
- **Soma De** and Anil K. Gupta, *Deep-sea faunal provinces and their inferred environments in the Indian Ocean based on distribution of recent benthic foraminifera*, accepted 7 March 2010, Article Number: 5316, **Palaeogeography, Palaeoclimatology and Palaeoecology**.
- **Soma De**, Sudipta Sarkar and Anil K. Gupta, *Orbital and suborbital variability in the Indian summer monsoon as recorded in sediments of the Maldives Ridge (ODP Hole 716A) during the past 450 Kyr*, accepted 31 August 2009, **Geological Society of London**.
- Gupta A. K., Sarkar S., **De S.**, Clemens, S. C. and Velu, A., 2010, Mid-Brunhes Strengthening of the Indian Ocean Dipole triggered increased equatorial East African and decreased Australasian rainfall, vol. 37, L06706, doi:10.1029/2009GL042225, **Geophysical Research Letters**.
- M. Sundar Raj, **Soma De** and Anil K. Gupta, 2009, *Benthic Foraminifera as Effective Tools for Exploration of Gas Hydrate Rich Zones at Blake Ridge, Northwest Atlantic Ocean*, Exploration Geology and Geoinformatics, **Macmillan publishers India Ltd.**, pp. 31-44.
- M. Sundar Raj, **Soma De**, K. Mohan and Anil K. Gupta, 2009, “*Benthic foraminifer Uvigerina proboscidea as a proxy for winter monsoon (late Pliocene to Recent): DSDP Site 219, northwestern Indian Ocean*”, Geo-Environment: Challenges Ahead, **Macmillan publishers India Ltd.**, pp. 311-318.
- Sudipta Sarkar, **Soma De** and Anil K. Gupta, 2008. *Late Quaternary benthic foraminifera from Ocean Drilling Program Hole 716A, Maldives Ridge, southeastern Arabian Sea*, **Micropaleontology**, vol. 55, no.1, pp. 23-48.
- Anil K. Gupta, M. Sundar Raj, K. Mohan and **Soma De**, 2008. *A major change in Foraminiferal faunal and isotopic data represents multiple paleoclimatic events in tropical Indian Ocean during ca 1.2-1.0 Myr*, **Palaeogeography, Palaeoclimatology and Palaeoecology**, 261, 234-245.

- Ajoy K. Bhaumik, Anil K. Gupta, M. Sundar Raj, K. Mohan, **Soma De** and Sudipta Sarkar, 2007. *Paleoceanographic evolution of the northeastern Indian Ocean during the Miocene: evidence from deep-sea benthic foraminifera (DSDP Hole 216A)*, **Indian Journal of Marine Sciences (Micropaleontology)**, 36, 4, 332-341.
- Baidehi Mukherjee, Sudipta Sarkar, Anil K. Gupta and **Soma De**, 2005. *Foraminifera: A tool in understanding Paleoceanographic and paleoclimatic changes*, ‘**Samudrika**’ (In Hindi), Vol. 12, Pages 35-38.
- Shome, Sabyasachi, Bardhan, Subhendu, and **De, Soma**, 2005. *Record of *Tithopeltoceras arzell* (ammonoidea) from the Late Tithonian of Kutch, India: its stratigraphic and paleobiogeographic significance*. **Journal of Palaeontology** Volume: 79 Issue: 3 Pages: 619-624.
- Shome, S., **De, Soma**, Roy, P., Das, S., 2004. *Ammonites as biological stopwatch and biogeographical black box - a case study from the Jurassic - Cretaceous boundary (150 Ma) of Kutch, Gujarat*, **Current Science**, Vol. 86, pp. 197-202.

Presentations at Conferences/Symposia

- Anil K. Gupta, Sudipta Sarkar, **Soma De**, Steven C. Clemens and Angamuthu Velu, 22-26 February 2010, “*Mid-Brunhes Strengthening of the Indian Ocean Dipole triggered precipitation change in East Africa and Australasia*”, PAGES Open Science Meeting, Portland, **Oregon, USA**.
- Anil K. Gupta, Sudipta Sarkar, K. Mohan, Steven C. Clemens, Rajesh K. Uttam, **Soma De**, Moumita Das, David M. Anderson and Baidehi Mukherjee, 8-11 July 2009, “*Centennial to millennial scale rhythms in the Indian monsoon as observed in the eastern and western Arabian Sea during the late Quaternary and the Holocene*”, PAGES Open Science Meeting, **Corvallis, USA**.
- M. Sundar Raj, Anil K. Gupta, **Soma De** and K. Mohan February 5-7 2009; *Surface upwelling driven by intensification of Southwest monsoon during Late Pleistocene in DSDP Site 219, Northwestern Indian Ocean*, Earth Resources, Environment and Earth Sciences for Society” and 12th National Convention of South Asian Association of Economic Geologists, Periyar University, **Salem, India**.
- Anil K. Gupta, Sudipta Sarkar, **Soma De**, S.C. Clemens, D.M. Anderson, Moumita Das and Baidehi Mukherjee, July 4-5, 2008, “*Spatial and temporal changes in the Indian monsoon system during the past 450 kyr*”, 19th Mid-Year Meeting, Indian Institute of Science, **Bangalore, India**.
- **Soma De** and Anil K. Gupta, January 7-11, 2008, “*Paleoclimate time series extracted from planktonic foraminifera of the Maldives Ridge: Leg 115, Hole*

716A”, International Conference on Geology, Indian Scenario and Global Context, **Kolkata, India.**

- **Soma De**, Sudipta Sarkar and Anil K. Gupta, November 16-17, 2007, “*Glacial-interglacial variability of the Indian monsoon during the past 440 Kyr*”, XXI Indian Colloquium on micropaleontology and stratigraphy, **Lucknow, India.**
- Anil K. Gupta, Sudipta Sarkar and **Soma De**, September 11-14, 2007, “*Glacial-interglacial control of the Indian monsoon during the past 440 Kyr*”, *Asian Monsoon Variability during the Past Global Changes*”, **Nainital, India.**
- **Soma De** and Anil K. Gupta, September 3-7, 2007, “*Distribution of Latest Holocene deep-sea benthic foraminiferal assemblages in the core top sediments across the Indian Ocean*”, The 9th International Conference on Paleoceanography, **Shanghai, China.**
- M. Sundar Raj, **Soma De**, K. Mohan and Anil K. Gupta, July 24-28, 2007, “*Switch in monsoon pattern from winter dominated to summer dominated at ~1.2 Ma: DSDP Site 219, Leg 23*”, Proceedings of Celebrating the Monsoon Conference, IISc, **Bangalore, India.**
- M. Sundar Raj, **Soma De**, K. Mohan and Anil K. Gupta, April 23-25, 2007, “*Benthic foraminifer *Uvigerina proboscidea* as a proxy for winter monsoon (late Pliocene to Recent): DSDP Site 219, northwestern Indian Ocean*”, *Geo-Environment: Challenges Ahead*, **Jammu, India.**
- **Soma De** and Anil K. Gupta, April 1 - 4, 2007, “*Effect of Water mass Properties on the Distribution of Recent Deep-sea Benthic Foraminifera across the Indian Ocean*”, AAPG Annual Convention and Exhibition, Long Beach, **California, USA.**
- M. Sundar Raj, **Soma De**, and Anil K. Gupta, March 7-9, 2007, “*Benthic foraminifera as effective tools for exploration of Gas hydrate rich zones at Blake Ridge, Northwest Atlantic Ocean*”, *Recent Developments and Opportunities in Exploration Geology & Geoinformatics*”, Explore G2 – 2007, **Salem, India.**
- **Soma De** and Anil K. Gupta, October 24-26, 2005, “*High Resolution record of climatic variability during the Pleistocene-Holocene: Deep-sea benthic foraminiferal fauna from the Maldives Ridge (ODP Hole 716A, Leg 115)*”, XX Indian Colloquium on micropaleontology and stratigraphy, **Visakhapatnam, India.**
